Netball Equipment

Fixed Height Indoor Netball Post

- Used at many Stadiums and Schools around New Zealand.
- 50 mm nominal bore post.
- Fixed height regulation size hoop at regulation height.
- Hoop fitted with net attachment hooks.
- Standard 'Gymleader' blue powder coat finish.
- Choice of 2 base styles.

Ref: 120/001 Fixed Height Netball Post to Suit use with Floor Plate Application
Ref: 120/003 Fixed Height Netball Post to Suit Floor Sockets

Floor fittings are all available separately.

Telescopic Netball Pole

Heavy Duty steel construction designed for serious play at all levels.

The Telescopic feature allows the hoop to be set at heights between 2.02 metres and the full regulation height of 3.05 metres.

This netball post is finished in a combination of zinc plating and 'Gymleader' blue powder coating and has gained popular following not just for its versatility but also the ease of handling for storage and setup.

Available with either the Gymleader wheeled base to be used with floor plates or without a base to be used with floor sockets.

- 120/032 50nb Netball Post Only - use with Hoops 120/025, 120/026, 120/027

Primary Freestanding Telescopic Netball Post

Another product in our 'Junior' range, this post is sturdy but lighter weight designed specially for use at Primary School level. It is freestanding with a counterweighted base and the post telescopes to allow the hoop to be set at kiwi height or regulation height. All steel work is hot dip galvanised for corrosion protection.

For older users or more harsh use areas please refer to 120/021.

120/035 Primary Freestanding Telescopic Netball Post

Outdoor Galvanised Netball Pole

A traditional fixed height netball post using a 40 nominal bore pole which is hot dip galvanised. Also available using a 50 nominal bore pole

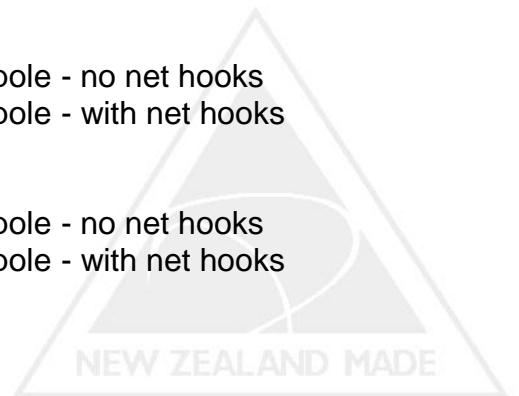

The post is very sturdy and designed to withstand rigorous school use.

Gymleader Freestanding Netball Post

Weighted base

Designed for use on outdoor synthetic courts, the Gymleader Freestanding Netball is equally at home in the gymnasium or hall.

The unit features a weighted base of approximately 45 kg and a fixed regulation height hoop and backstays from the post to the base.

For easy movement onto and off the court, wheels are fitted to the back of the base - simply hold to post, tilt over and wheel away.

As the primary use is outdoors, the complete stand is hot dip galvanised for maximum durability.

Sportmat Team Dugout

The Sportmat Team Dugout is self standing and measures nominally 3 metres wide x 1.85 metres high x 1.25 metres deep and features fully welded end frames and quick release detachable crossbars, all galvanised.

The cover is manufactured from strong durable PVC fabric with clear viewing panels on each end and it is held in place on the frame with Velcro style fasteners. An optional player bench is available that attaches to the end frames of the dugout, ideal for reserves during the game.

The quick and easy set up of the dugout along with its compact size for storage make it ideal for a team to take with them to away games.

The standard colour is blue although other colours including where possible team colours, are available to special order. Please enquire for more details.
