Storage Equipment

Ball Storage Cart

Developed based on requests from Sports Staff who were tired of storage boxes and trolleys which simply weren't up to wear and tear of Institutional use.

The storage cart has a top and bottom which are solid timber and the top is hinged and can be locked simply by obtaining a padlock and chain. Sides are zinc plated steel. Each unit features four non marking swiveling castors for ease of maneuverability.

Approximate dimensions are 1000 mm wide x 600 mm deep x 850 mm high.

Holds approximately 35 standard size 5 balls.
Special designs and sizes can be custom manufactured to order - please enquire.

Ref: 240/120 Storage Cart

Pole Storage Trolley

Designed as a sturdy equipment trolley for game posts and as an alternative for the larger Equipment Trolley (240/100)

The trolley is very robust and easy to move on four non marking swivelling wheels which makes it ideal for modern gymnasiums and sport facilities that use socketed style games posts.

Also Ideal where fewer posts need to be stored or alternatively where there are a number of posts and trolley is needed to each sport.

The steel framework is powdercoated blue.
Custom designs and sizes of trolleys can be manufactured to order - Please enquire.

Ref: 240/205

Pole Storage Trolley

Equipment Storage Trolley

This sturdy multi purpose equipment trolley is the ideal compliment to the modern sports facility.

Designed around a strong steel frame measuring 1800 mm x 900 mm with supports at each end to take games posts for Badminton, Netball or Volleyball. Nets and associated equipment can be easily and neatly stored on the timber deck of the trolley (optional extra) keeping everything together making setup quicker and easier and storage more efficient.

The trolley moves easily around on four non marking swivelling castors and the steel framework is finished in blue powder coat.

Custom designs and sizes can be manufactured to order - please enquire

240/100 Equipment Storage Trolley - With Timber Deck
240/101 Equipment Storage Trolley - No Timber Deck

Indoor Soccer Goal Trolley

240/208

Indoor Soccer Goal Trolley - Holds 2 x Pair 170/001 Goals
(excludes Goals)

Ball Carry Bags

Two designs are available - Standard and Deluxe

The standard bag is made from heavy duty outdoor mesh with a drawstring top and a carry handle.

It is available in two sizes to fit either 5 or 10 balls.

The deluxe bag holds 10 balls and is manufactured from the same heavy duty outdoor mesh on the standard bag but also features PVC panels which are available in one of the following colours - blue, red, green and yellow.

The PVC panel makes them ideal to be sign written with club or school details

N.B. Sign writing is not included.

240/145	Ball Carry Bag - 10 Ball
240/150	Deluxe Ball Carry Bag - 10 Ball

Crash Mat Trolleys

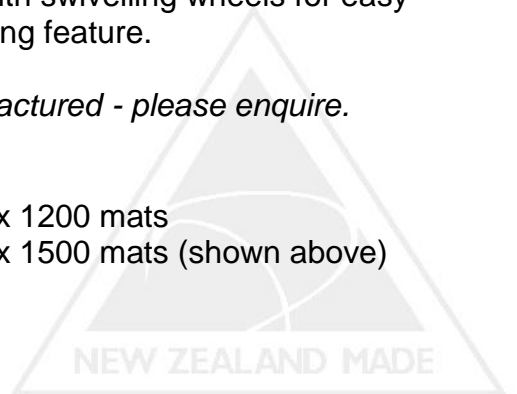

Designed specifically to transport crash mats from the store to the Athletics field. They are available in two sizes to suit the most popular sizes of crash mats.

Both trolleys feature strong powder coated steel frames with swivelling wheels for easy manoeuvrability. The rear two wheels have a built in locking feature.

Special sizes and designs of trolley can be custom manufactured - please enquire.

Ref: 240/170 Crash Mat Trolley to suit 2400 x 1200 mats
 240/180 Crash Mat Trolley to suit 3000 x 1500 mats (shown above)

Crash Mat Scooter Board

Designed as a simple and easy way to move crash mats around the school gym to minimise the risk of damage.

Boards measure 2400 x 400 mm and are manufactured from clear finished MDF and feature 6 non marking swivelling castors.

Ref: 240/190 Crash Mat Scooter Board

Mat Trolleys

The Mat Trolley feature a sturdy steel frame and handle with a timber deck. The frame is powder coated and the deck is clear finished in polyurethane.

Four wheels are fitted with the centre wheels fixed and the end wheels castoring which allows better manoeuvrability especially useful in sports equipment storage areas where space is generally at a premium.

Custom sizes and designs of storage trolley are available to special order. Please enquire.

Gymleader Athletics Trolleys

A range of trolleys are available from Gymleader that make not only storage of athletics equipment easier but also taking equipment out on to the field.

They all follow a similar robust design which is fully welded and hot dip galvanised for maximum durability.

All trolleys are supplied with Heavy duty solid rubber like wheels, although pneumatic wheels are available at extra cost.

Double tier each holding two rows of shot. Capacity varies depending upon size of shot
(Pictured Top)

240/ 202 Discus Trolley
Double tier with a capacity of 34 discus. (Pictured Bottom)

Gymleader Athletics Trolleys

A range of trolleys are available from Gymleader that make not only storage of athletics equipment easier but also taking equipment out on to the field.

They all follow a similar robust design which is fully welded and hot dip galvanised for maximum durability.

All trolleys are supplied with Heavy duty solid rubber like wheels, although pneumatic wheels are available at extra cost.

240/ 204 Discus / Shotput Trolley

Double tier combination trolley. Top Tier Hold 17 discus with the bottom tier holding a double row of shot. (Pictured Right)

240/206 Combination Trolley

Double tier combination trolley. Top Tier holds 13 Discus and 12 Javelin. Bottom tier holds a double row of shot. (Pictured Left)

Gymleader Athletics Trolleys

Equally as robust as the rest of the athletics range, the starter block trolley is designed to hold 10 starting blocks with their foot plates removed and stored on the centre rack of the trolley. This design helps to minimise the overall size of the trolley and assists with easier storage off the field.

All steel work is hot dip galvanised for maximum durability.

240/ 207 Starter Block Trolley
Holds 10 Starter Blocks with foot plates removed
Foot plates can be stored on the centre racks

Racquet Trolley

This strong and durable Trolley is designed to hold 25-30 Badminton or Tennis racquets and is ideally suitable to the rigours of Institutional or club use.

All steel construction is zinc plated for corrosion protection and fitted with large non marking wheels for easy manoeuvrability.
