Badminton & Volleyball Equipment

Gymleader Badminton Post Fixed Net Height

Floor Socket Application
Showing Flanged Socket

Floor Plate Application

A standard height badminton post with regulation height net attachment points.

Posts are sturdy steel construction and finished in a durable blue powder coat finish.

These posts are available with either the standard wheeled base to suit floor plate applications or alternatively, no base to suit use with floor sockets.

Floor fittings are all available separately.

Gymleader Badminton Freestanding Centre Post

A freestanding post designed to be used as a centre post between two adjacent badminton courts.

The post features net attachment points at regulation height and it is finished as standard in 'Gymleader' Blue powder coat finish.

The base is fitted with non marking feet to prevent damage to the floor.

N.B. The out posts must be attached to the floor or be of the weighted base freestanding type.

Ref: 010/003

Badminton Freestanding Centre Post

Gymleader Freestanding Badminton Post

Freestanding Badminton posts are becoming a popular choice at sports facilities where they wish to minimise the number of floor penetrations but also for existing venues where badminton is being added as a sport and floor fittings are not viable.

The net is easily attached and the post is counterweighted to prevent its movement.

Each post features wheels to make them easily movable and is finished in blue powder coat.

010/008 Freestanding Badminton Post

Gymleader Outdoor Badminton Post

Popular with Primary and Intermediate schools, these posts allow Badminton to be played outdoors.

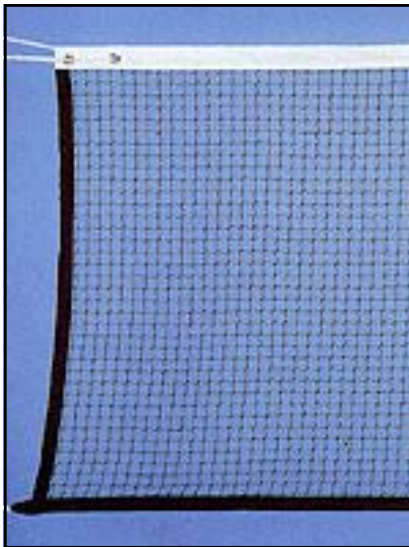

They are regulation height and are manufactured from strong steel pipe which is hot dip galvanized for maximum corrosion protection. Cleats are provided at Badminton and Short Tennis heights making these posts even more versatile.

Optional ground sockets are available however, we manufacture these posts from the most popular size steel used for other games posts found at schools meaning that often, existing sockets can be utilised.

Gymleader Combination Post

Floor plate Application

Floor Socket Application
Showing Flanged Socket

Available with either the standard Gymleader wheeled base for use with floorplates, or alternatively without a base manufactured to suit use with floor sockets.

This post is one of the most popular game posts used in New Zealand. With settings for volleyball, badminton and short tennis, its versatility is excellent. The posts are finished in durable blue powder coat.

Floor fittings are all available separately.

Primary Freestanding Combination Post

Part of our 'Junior' range this is a sturdy but lighter weight post designed for use at Primary School level.

It features a weighted base and a post with cleats to allow the net to be tied on at junior volleyball, badminton or short tennis heights.

All steel work is hot dip galvanised for corrosion protection.

260/025 Primary Freestanding Combination Post

Outdoor Galvanised Combination Post

This system is shown using a lockable socket arrangement. This is an additional option and is ideal for leaving posts in unsupervised locations. Simply padlock the post to the socket.

Manufactured from 50nb pipe with net attachment points for Volleyball, Badminton and Short Tennis.

Hot Dip Galvanised finish.

Sockets sold separately

Freestanding Combination Stand

This stand uses an 'H' pattern weighted base of approximately 45 kg and has a combination net post welded centrally to it.

Net attachment points are provided at short tennis, badminton and volleyball heights giving the stand maximum versatility.

Wheels are fitted to the base to make moving it easy and the stand is supplied in a galvanised finish.

A telescopic version is also available please enquire for full details.

Freestanding Combination Stand

Gymleader Heavy Duty Volleyball System Showing Optional Umpire Stand

Optional Umpire Stand

These heavy duty posts have proven their durability right throughout New Zealand. Posts are held in place by hold down bolts into floor plates and telescopic backstays are utilised to minimise and spread the loadings on the floor.

One post is fitted with a ratchet winch for net tensioning and net height is adjustable for junior, intermediate and senior games.

Eight floor plates are required along with 4 long Gymleader bolts and 4 short Gymleader bolts.

When used the Umpire Stand clamps onto either post and is adjustable for height. Posts are finished in an attractive blue powder coat finish.

Floor fittings are all available separately.

Floor Plate Application

Sportmat International Style Volleyball Post

These posts follow the International style with the posts fitted into sockets in the sports floor and the net height controlled by movable sleeves.

The sleeves feature a plunger which locates into preset positions on the post giving accurate and quick adjustment between regulation heights.

The winch on one post tensions the net.

A post with inbuilt umpire stand is also available as is post padding.

Ref: 260/011 Sportmat International Style Plain Post to suit floor sockets.

Freestanding Umpire Stand

The freestanding design has proven to be a popular, simple yet robust solution for Volleyball Umpiring.

For 2006 the stand has been updated to give a fresh modern look, making it easier to store and to move to the court.

The main frame is fabricated from steel pipe with the umpiring platform nominally 900mm above the floor.

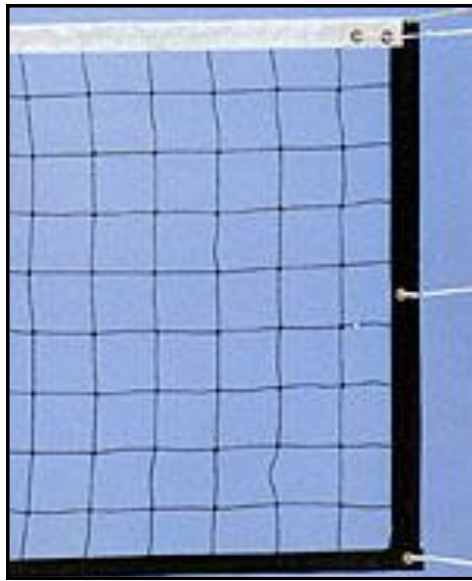

Features include non marking feet to protect the floor and wheels to make moving the stand easy.

Blue powder coating is the standard finish although alternative colours are optional.

Ref: 260/019 Freestanding Umpire Stand

Premium Volleyball Net

Ideal for use with all Gymleader Indoor Volleyball Posts, this Premium Volleyball Net is manufactured to stand the rigours of serious Competition play.

The net features:

- Polyethylene twisted 60 ply 100mm (4") mesh.
- PVC 50 mm (2") head band.
- 5mm steel cord top cable.
- PVC 65 mm (2½") side bands.
- PVC 40 mm (1½") bottom band.
- Two side dowels - one in each side band.
- Nominal size 9.7m x 0.76m x 100mm mesh.
(32' x 3' x 4" mesh)

Ref: 180/125 Premium Volleyball Net

Volleyball Post Padding

This improved design has been produced to specifically suit the increasing demand for padding around our International Style Volleyball Posts (260/010 and 260/011).

Each pad is made in two halves from lightweight, self supporting, impact absorbing closed cell foam. To protect the foam, heavy duty blue PVC fabric is laminated to the outside face of the pads.

To use the padding, simply place the two halves around the post and join together with the straps.

Each set contain pads for one pair of posts.
